Your on my mind  
At another sleepless nights  
All I think about  
Is I want you here and now  
All I want to say,  
Is that I want you in my life  
I need you to hold me  
You make me feel so right

There's no other words (Oh yeah)  
You're everything I'm looking for and more (So tell me why)  
Why are you so shy?  
When your walking right by  
I get this feeling inside

Baby, I want you but I don't know what to say  
I see you everyday when you come around my way  
I want you to know that  
I'm in love with you  
So baby come on, come on, come on, come on  
Tell me how you feel

My friends say that I'm wasting my time  
But I don't listen to them  
'Cause I know your going to be mine  
They don't understand  
The feelings inside  
All I want from you  
Is that you give me a sign

Tell me how you feel (Tell me how you feel)  
'Cause whenever I walk by you feel me (I feel you too)  
Why are you so shy?  
When you walk by  
I get this feeling inside

Baby, I want you but I don't know what to say (Ohhhh)  
I see you everyday when you come around my way (I come around my way)  
I want you to know that

I'm in love with you  
So baby come on, come on  
Tell me how you feel

I know (what)  
It's you that holds the key into my heart  
And I don't know what I would do  
If I can't have your love  
How you feel

Baby, I want you but I don't know what to say (I don't  
know what to say)  
I see you everyday when you come around my way (I  
come around my way)  
I want you to know that  
I'm in love with you  
So baby come on, come on, come on, come on  
Tell me how you feel (Tell me how you feel)

Baby, I want you but I don't know what to say (Ohhhh)  
I see you everyday when you come around my way  
(You come around my way)  
I want you to know that  
I'm in love with you  
So baby come on, come on  
Tell me how you feel

Baby, I want you but I don't know what to say  
I see you everyday when you come around my way  
I want you to know that  
I'm in love with you  
So baby come on, come on  
Tell me how you feel

Instrumental till the end
