#### Verse 1 :

I knew when I saw you  
I knew when you came into my life  
It would be alright  
And someone must have told you  
Someone saw the difference in my eyes  
When you're by my side I realized that

Love is a scared thing  
Love is a song I sing  
And it's all because of you  
A heart so real, a love so true  
Baby I wanna say  
That you took the pain away  
And you know that I'd do  
Anything for you, cause baby

#### Hook :

I have waited all this time  
For your heart to be mine  
Cause there's no love without you with me  
And now, for all that we've been through  
No matter what I do  
I will not be without you with me

#### Verse 2 :

I've learned many lessons  
From others with no love in their lives  
How can that be right  
And I've had many questions  
But I always believed I see the light  
Shining in your eyes

Cause that's where I wanna be  
Baby just you and me  
Where the ocean meets the sky  
Where there is no reason why  
Where love is all you have to do  
And I can give my love to you  
Over and over and over and over again

Hook

Bridge :

Love is scared thing  
Love is a song I sing  
And it's all because of you  
A heart so real, a love so true  
Baby I wanna say  
That you took the pain away  
And you know what I'd do  
Anything for you
