Now that you let me down, you can turn around
You're proud of yourself now that you let me down
You're proud of yourself, you say that I should find
Another man who will be a child

'Cause I'm eighteen
Are you eighteen?
Yeah, I'm eighteen
I am eighteen now!

You say I'm a child, you don't look around
You're proud of yourself now that you let me down
You're proud of yourself, you say that I should find
Another man who will be a child

'Cause I'm eighteen
Are you eighteen?
Yeah, I'm eighteen
I am eighteen now!

Why do you wanna go?
Why do you wanna go?
Why do you wanna go now?
Why do you wanna go now?

Cause I'm eighteen
Are you eighteen?
Yeah, I'm eighteen
I am eighteen now!
