[chorus]

And I'll be everything
That I wanna be
I am confidence in insecurity
I am a voice yet waiting to be heard
I'll shoot the shot bang that you hear round the world

(And) I'm a one girl revolution [x3]

I wear a disguise I'm just your average jane
The super doesn't stand for model
But that doesn't mean I'm plain
If all you see is how I look you missed the superchick
within
And I christen you Titanic underestimate and swim

[chorus]

Some people see the revolution
But most only see the girl
I can lose my hard earned freedom if my fear defines
my world
I declare my independence from the critics and their
stones
I can find my revolution I can learn to stand alone

[chorus]

Comin out the underground, straight from the top
Where my beats drop, never gonna stop til I take part
Never lookin back, never lettin go
Rippin that flow cuz you know I'm unmatched from the
get go
How you gonna act when the chips stack
When you know you can't go back
How you gonna handle that?
When they say that you not up to size, then ya gotta
realize...
