I heard you on the wireless back in Fifty Two
Lying awake intent at tuning in on you
If I was young it didn't stop you coming through

They took the credit for your second symphony
Rewritten by machine and new technology
And now I understand the problems you can see

I met your children
What did you tell them?

Video killed the radio star
Video killed the radio star
Pictures came and broke your heart

And now we meet in an abandoned studio
We hear the playback and it seems so long ago
And you remember the jingles used to go

You were the first one
You were the last one

Video killed the radio star
Video killed the radio star
In my mind and in my car, we can't rewind we've gone to far

Video killed the radio star
Video killed the radio star

In my mind and in my car, we can't rewind we've gone to far
Pictures came and broke your heart, put the blame on VTR

You are a radio star
Video killed the radio star
