superchick in the house tonight

it's been one of those days for a lot of days now  
i need a day where the world can take care of itself  
this isn't what i wanted how i thought my life would turn  
out  
and i wonder if it's like this from here on out

sometimes life gets you but we go on  
sometimes life gets you were still goin on  
we're not done yet  
not goin quietly into the night  
not me and my friends  
we're not done yet  
don't take it too seriously  
it's just life will win in the end

and we walk on and on and on and on

and we walk on and on and on

it's been one of those days for too many days now  
i did a thing that i didn't wanna do again  
i fell down in the place where i always fall down  
and i wanna give up and let it be what it's been

sometimes life gets you but we go on  
sometimes life gets you were still goin on  
we're not done yet  
not goin quietly into the night  
not me and my friends  
we're not done yet  
don't take it too seriously  
it's just life will win in the end

and we walk on and on and on and on

and we walk on and on and on

it's been one of those days but i don't care now  
it was only a day and tomorrows ahead

i got this far and i know that i can ride this one out  
though i wanna lie down but i won't quit yet

sometimes life gets you but we go on  
sometimes life gets you we're still goin on  
we're not done yet  
not goin quietly into the night  
not me and my friends  
we're not done yet  
don't take it too seriously  
it's just life will win in the end

and we walk on and on and on (x2)

we're not done yet  
not goin quietly into the night  
not me and my friends  
we're not done yet  
don't take it too seriously  
it's just life will win in the end (x3)

and we walk on and on and on and on

and we walk on and on and on
