Jean-Michel stand by the statue  
I wanna take a a photograph  
Over there, by the McDonalds  
After September when you're back at school  
It's gonna make your friends all laugh

Jean-Michel let's do some shopping  
You've got a list a metre long  
It will be fun just to watch you  
Look through the records and the compact discs  
To find a remix of your favourite song  
Look through the records and the compact discs  
To find a remix of your favourite song

Jean-Michel, Jean-Michel  
What do you want to do now?  
Jean-Michel, Jean-Michel  
Where do you want to show?  
Jean-Michel, Jean-Michel  
What do you think you're doing?

Jean-Michel stop, Jean-Michel stop  
Jean-Michel stop, Jean-Michel stop  
Jean-Michel stop, Jean-Michel stop  
Jean-Michel stop, Jean-Michel stop...

Jean-Michel, what was I thinking?  
I'll be so happy when the summer ends  
It was one thing when you said that  
the girls were ugly and the wine was bad  
But now you're making fun of all my friends
