This is a song about me, Dave Matthews and the band I  
formed  
It was what? ten years ago  
That was when it all started at the earth-day festival  
That was our first show, God I was so nervous!  
We had four songs total, maybe five  
When we got on stage it was magic  
I mean halfway through our first song

Everybody came alive  
Dave Matthews Band comes alive  
At the Earth-day Festival  
At a concert in Brazil  
Dave Matthews Band comes alive  
At a Mardi Gras grooverly  
Are as Chilly's as Bar and Grill  
They come alive, they come alive

Yeah I was nervous, but you know  
gradually you learn to overcome your fears  
I guess I've always been kind of shy  
I was what I like to call a dormroom guitarist for about  
seven years
