ahh ahh ahhh

I'm lying here

I'm all alone

wishing you would

come back home

into my arms

why'd you have to

leave my side

make these tears

fall from my eyes

just can't help it, can't you see

I need you right here with me

I'm telling you

(boy you know I just can't hide, I just can't hide)

I need you to

(I need you right here by my side)

to come back home

(come back, come back home...)

come back home into my heart

(...to me)

come back home here in my arms

my baby

sweet baby

(my sweet baby)

I do wish that you could know

(that you...)

that I truly love you so

I do, I do, I do

(I really do)

come back home

(come back home)

I really do

now I can't believe

that now you're gone

and I just can't sleep

but I know it's wrong

I just can't help

but feel this way for you inside

because you promised that

you'll love me for the rest of my life

I know I've got to carry on

true love will last more than a lifetime if it's strong

but deep inside I know

that if it's really real

you'll come back home and heal the pain I feel in my
heart

I'm telling you

(boy you know I just cant hide, I just cant hide)

I need you to

(I need you right here by my side)

to come back home

(come back, come back home...)

come back home into my heart

come back home here in my arms

my baby

(in my arms)

sweet baby

(sweet baby)

I do wish that you could know

(I want you to know)

that I truly love you so

(I truly love you so)

I do, I do, I do

(baby) come back home

(come back home)

everyday (baby, I can't, I just can't)

I can't get you off my mind

(can't get you off my mind)

I can't help to fight these tears

(all day, all day long)

they're falling from my eyes

(come back to me....)

come back home into my heart
come back home here in my arms
my baby
sweet baby
(come back home to my heart)
I do wish that you could know
(I need you right here by my side)
that I truly love you so
(I need your love in my life)
I do, I do, I do
so come back home
(come back home
