Since you've been gone
I try my best to carry on
Sometimes I sit and wonder
I try to make some sense of it all
It was on you
To decide that we were through
No matter where you go
You're a part of me and I were you...(right words?)
Can you tell me if I even mattered
When you said goodbye
My world just shattered
You let me chill down in my tears
Whatever happened to all those years

Chorus:
Cuz everytime I close my eyes
I can't help but cry cuz I'm not with you
I see you in my dreams
I try to hold you but you're not there
Everytime I close my eyes
I wish deep inside
You were in my life
The only time that I can see you is
Everytime that I close my eyes

No
Can't even sleep
All the guys I don't want to meet, no
Not even fair to go through it
I only try to compare them to you
Heaven above
Only knows how deep I fell in love
I hope you felt the pain
I'm feelin inside
I'm feel all torn up
If you'd only talked to me
Maybe in your arms still my dream
Can you tell me what I've done
You said I was the only one
Baby please, come back home

Chorus:

Cuz everytime I close my eyes
I can't help but cry cuz I'm not with you
I see you in my dreams
I try to hold you but you're not there
Everytime I close my eyes
I wish deep inside
You were in my life
The only time that I can see you is
Everytime that I close my eyes

I'm still in love I can't deny
My favorite song comes on
I can't help but cry
Everything reminds me of you
How long must I go through

Chorus:

Cuz everytime I close my eyes
I can't help but cry cuz I
