Hes the sunlight in my sky, he is the moon that shines
at night
Hes the rainbow over me, the river running to the sea
The music and the poetry, the beauty tha tmy eyes can
see
Still his love means so much more to me

Chorus:

Hes my savior and everything within me
Wants to tell the world its true
Hes my savior if you could open your heart
You would know him, too

Hes the fire in my soul, he melts my heart
And makes me whole
Hes the air upon my breath
The gentle touch of holiness
Just for me he gave his life and
In that moment paid the price
For all Ive ever done and that is why

Chorus:

Hes my savior and everything within me
Wants to tell the world its true
Hes my savior the moment you open up your heart
You will know him, too

Bridge:

I can take you there but I cant cross the line
Its my deepest prayer that this will be your time

I will vow, yeah
I will vow, yeah

Just for me he gave his life and in the moment paid the
price
For all Ive ever done and that is why

Chorus:

Hes my savior my best friend
Hes my savior hes my savior, he saved me

Hes my savior and everything within me wants to
Tell the world its true
Hes my savior the moment that you open up your heart
You will know him too
