I know I can be a little stubborn sometimes  
You might say, a little righteous and too proud  
I was lookin for a way to compromise  
Thinkin maybe i could work things out

I thought i had all the answers  
Never givin' in  
But you loved me all along  
And i admit that i was wrong

#### CHORUS

All i know is im lost without you  
Im not gonna lie  
I could never be stong without you  
I need you by my side  
If i ever thought we'd never be together  
Cause of all my foolish pride  
Don't know what i'd do  
Im lost without you

I keep tryin' to find my way  
But all i know is  
I'm lost without you  
I keep tryin' to face the day but  
Im lost without you

Your the only one who gets rid of these blues  
When I fall you catch me everytime  
The way you give me clarity when im confused  
Just to hear your voice can ease my mind

Oh my world's so cold at night  
When i wander far away  
Only you can make it right  
No i'm not too proud to say

#### CHORUS

I keep tyrin' to find my way  
But all i know is  
I'm lost without you

I keep tryin' to face the day but  
Im lost without you

I know that you can hear me now  
You make the pain just go away  
Stop all the tears from rollin' down my face

#### CHORUS

I keep tryin' to find my way  
But all i know is  
Im lost without you  
I keep tryin' to face the day but  
Im lost without you
