You are insatiable
Latex smile peels off your skull
Everyone knows you need a piece of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
Hard rock queens in ripped-up jeans
Everyone thinks they're so obscene
Bend them over, you get a taste of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
Evil boy, still the best
Peanut butter smeared on his chest
Get real close, you'll get a taste of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
We are all candy, covered on the outside,
Peel away the shell, and we're rotting on the inside
We are all angry, angry on the outside
Peel out your eyes
Take my advice
Blinded by fear,
Sugar and spice
We are all candy, covered on the outside,
Peel away the shell, and we're frightened on the inside
We are all angry, angry on the outside
Peel away the shell, and we're rotting on the inside
You are insatiable
Latex smile peels off your skull
Everyone knows you need a piece of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
Evil boy, still the best
Peanut butter smeared on his chest
Get real close, you'll get a taste of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
