Caught me with your video lies, it gives you something
to lie about

Watch me with your retail eye, it gives you someone to
spy on

Stab me with your double-blade knife, it gives you
something to cry about

Drive me with your chemical high, it gives you
something to write on

I may be an evil girl, with my colgate smile,

And if I am an evil girl, you put me on trial

I want to kill on video, I want to go real far

Let me kill celebrities, and be your next media
superstar!

Scare with your little disguise, it gives me someone to
hide from,

Eating all your roaches and flies, in my mouth like
bubble gum

Scar me with your venomous lies, you always have to
remember,

Feed you with them razorblades, cause nothing lasts
forever!

I may be an evil girl, with my colgate smile,

And if I am an evil girl, you put me on trial

I want to kill on video, I want to go real far

Let me kill celebrities, and be your next media
superstar!

Buy me, kill me, fuck me!

Buy me, hurt me, watch me, you destroy me

(I can't take this shit)
