I'm in a circle, looking up above
I'm turning purple as she smothers me
I watch you thinking, faces changing shape
How is she happy when she thinks of spit and... RAPE!
I know who you are
You left a big black scar
I see there's no escape

You'll know when
Fucker you're going down, girl you're going down,
fucker you're going down,
You and spit and rape
Fucker you're going down, girl you're going down,
fucker you're going down,
You and spit and rape

I'll get you
I'll get you
I'll get you
Just wait
I know you've had your fun
Did deeds and now you're done
I see there's no escape

You'll know when
Fucker you're going down, girl you're going down,
fucker you're going down,
You and spit and rape
Fucker you're going down, girl you're going down,
fucker you're going down,
You and spit and rape

I'll get you
I'll get you
I'll get you
Just wait
I know who you are
You left a big black scar
I say there's no escape
You know that
God is going down, god is going down, god is going

down,
He and spit and rape
God is going down, god is going down, why don't you
strike me down,
You and spit and rape
