Shoot Doris Day
Out of the way
In the pouring rain

Sentimentality pause
As Jimmy Stewart ignores
Her question

People never stay the same
It's a fight between the wild and tame
I've some feelings that I can't get through
Even to you my friend.
Wasting away in vain
Oh! Mercy

Victor Panache
Lost his moustache
In a P.R war

Public relationship tears
No one would touch him
For years

People Never stay the same?
Rushing around in vain
Don't tempt me.

People never stay the same
It's a fight between the strong and lame
I've some feelings that I can't get through
I'll just binge on Crack and Tiramisou

Nothing ever stays the same
Without to much fun and halibaloo

Animals don't stay the same
Ive some feelings that I can't get through
