I've been known to tie one on and honky tonk til half  
past three  
But the party don't get started til my baby pours her  
love on me  
She's a hundred proof, Lord, she's smooth  
She makes me moan all night long  
So I don't need the booze to get a buzz on  
I've tried it all from Tennessee Whiskey  
To Ozark Mountian Moonshine  
But it's her sweet love that packs the punch  
And keeps me higher than a Georgia pine  
My Southern Comfort don't come in a bottle  
I get a double shot of love homegrown  
So I don't need the booze to get a buzz on  
My little country girl makes my head whirl and my  
knees begin to shake  
No, I can't walk a chalk line, I ain't a-talking or a-  
thinking straight  
I'm hooked on my baby's love, there ain't nothing in a  
jug this strong  
And I don't need the booze to get a buzz on  
I've tried it all from Tennessee Whiskey  
To Ozark Mountian Moonshine  
But it's her sweet love that packs the punch  
And keeps me higher than a Georgia pine  
My Southern Comfort don't come in a bottle  
I get a double shot of love homegrown  
So I don't need the booze to get a buzz on  
I wear a Blue Ribbon grin every now and then,  
But I don't need that to get stoned,  
I don't need the booze to get a buzz on  
No, I don't need the booze to get a buzz on
