Written and Composed by Rod Temperton.

There's a steam beat
And it's comin' after you
You can take it
If you only let your feelings through

So D.J. spin the sounds
There ain't no way that you're gonna
Let us down
Gonna dance 'til we burn this disco out

Groove all night
Keep the boogie alright
Get that sound
Everybody just get on down

Got a hot foot
Better freak across the floor
Join the party
And we'll keep you movin', that's for sure

So D.J. spin the sounds
There ain't no way that your gonna
Sit us down
Gonna dance 'til we burn this disco out

Groove all night
Keep the boogie alright
Get that sound
Everybody just get on down

Once you get the beat inside your feet
There ain't no way to stop you movin' good
Now the weekend's come it's time for fun
You got to groove just like you know you should

People now
Are you ready
Won't you rock across the room
Got a feelin'

That we're gonna raise the roof off soon

So D.J. spin the sounds
There ain't no way that your gonna
Sit us down
Gonna dance 'til we burn this disco out

Groove all night
Keep the boogie alright (groove on)
Get that sound
Everybody just get on down

So D.J. spin the sounds
There ain't no way that your gonna
Sit us down
Gonna dance 'til we burn this disco out

Groove all night
Keep the boogie alright (groove on)
Gonna dance, gonna shout
Gonna burn this disco out

Get that sound
Everybody just get on down
Gonna dance, gonna shout
Gonna burn this disco out
(Adlib to fade)
