-----  
[Stevie]

Na na na - na na na na nah!

[Michael]

Hoo hoo!

Dancin' - Hee!

Doggone lover!

[Stevie]

C'mon boy

[Michael]

I watched you on the floor

Cheek to cheek

She's getting to you

You didn't see - her eyes on me - no

She

looked right trough you

(Before you make)

Before you make

(A big mistake)

Remember

That looks can fool you baby, hee!

There's something I would sure appreciate

(If you can keep a secret)

Baby loves me

But she never shows she cares

(No, you won't see her kiss and hug me)

Baby loves me

No she acts like I'm not there

(That doesn't mean she doesn't love me - Ooo)

If they ask her

Tell 'em that we're just good friends...

Dah! Chika - chika - chika - ah!

Just good friends...

Ah! Chika - c

hika - ah!

Ooo

(Doot-do-do-doo...)  
Hee! Aaow!  
Just good friends...

[Stevie]  
You better take advice  
Never trust - first impressions  
I tried to hide this affair  
>From their suspicions

So even if she's asking you to stay  
You better know where you stand  
(You better know where you stand)

Baby loves me  
Though she never shows she cares  
(No, you won't see her kiss and hug me)  
My baby loves me  
Though she acts like I'm not there  
(That doesn't mean she doesn't love me - Ooo)

Now if they ask y  
ou  
Jus' tell 'em that we're just good friends...

Yes... just good friends...  
(Just good friends...)  
Root-do-do-do...  
(Doot-do-do-do...)  
Just good friends...

[Michael]  
Listen up, hee... we've got a problem here

[Stevie]  
I can see the signs

[Michael]  
I guess the lady

(Both)  
Is still making up her mind

(Mind)  
(Say we're just good friends)

[Stevie]  
Baby loves me  
Though she never shows she cares  
(Never show she cares)  
No, you won't see her kiss and hug me

(Just good friends)

(My baby loves me)

[Michael]

Though she acts like I'm not there  
You goggone lover, hee...

[Stevie]

Aaow!

(Doot-do-do-doo...)

Don't you wanna know? My baby loves me  
Though she never show she cares  
(Never show she cares)

[Michael]

Hee! Hee!

[Stevie]

She doesn't kiss and hug me  
(Just good friends)

[Michael]

My baby loves me  
She love me, she love me,  
Hee! Hee! Hee! Hoo! Hoo!  
(Doot-do-do-doo)  
(Never show she cares)...
