Love ain't what it used to be
That is what they're tellin' me
Push it in stick it out
That ain't what it's all about

He wanna do something keen to you
He wanna wrap his arms all around you girl
He wanna shake it up Shake it down
Doing it right
He wanna jump back half flap loose

He wanna fly high nigh high
Baby for you'se
He wanna motormouth
Float around
Baby the back
He wanna shake it up shake it down
Moving round ha ha

Love ain't what it used to be (Hee!)
That is what the're tellin' me
Push it in and stick it out
That ain't what it's all about (Oh)

Susie like to agitate
Get the boy and make him wait
Mother's preaching Abraham
Brothers they don't give a damn (Oh)

He wanna do something keen to you
He wanna wrap his arms all around you girl
He wanna do it up keep it high
Deep in the night

He wanna eye ball
Get hard Playing it right
He wanna turn the key
Hurt the sheets
Move to the left

He wanna hot scrub

Hot love Making it wet
He wanna give hot jump shot Move to the left
He wanna time bar
Slam dunk ha ha ha
