I couldn't help turning on
But I never tuned in
Now I want to drop out

You'll swallow any little pill
Taking everything in
Sucking every nerve out

And your alternative station
Is such a bankrupt vibration
Counting on the confusion
Of an alternative nation

All the terminal patients
Demand a strong medication
Getting on with the big show
We celebrate what you don't know

Jumpin' out of the window
Jumpin' out of the window
Jumpin' out of the window

I know the name of the game
Any rock and roll star
Is a pitiful shame

I can't decide where to run
Tell me, what have I done?
Tell me, what have I done?

And your alternative station
Is such a bankrupt vibration
Counting on the confusion
Of an alternative nation

All the terminal patients
Demand a strong medication
Getting on with the big show
We celebrate what you don't know

Jumpin' out of the window
Jumpin' out of the window

Jumpin' out of the window
