Come on baby get me into the car  
Out on a bender and waiting for you, get me out of the  
bar  
I don't feel like staying, I just want something to do  
I just wanna sleep it off with you, pour me into you

Come on baby get up just to get down  
Out on a bender and waiting for you, count me out on  
the town  
I don't feel like staying, I just want something to do  
I just wanna sleep it off with you, pour me into you

I don't want you feeling like I do yeah, yeah  
I just want you twisted with me too yeah, yeah  
I don't know what I've been trying to prove yeah, yeah  
Every time I get too fucked to move yeah, yeah

Come on baby get me into the car

I just wanna sleep it off with you, pour me into you
