Maybe it's your tone, got me visualizing a song

[Storm]

Camofluage lover, oh this fine muthafucka
A pussy add up to this sensual spot toucher
My pain crusher, never the cum rusher
The only one to get up in me with no rubber
Slip in me like butter, keepin' in form
All day, all night it's 'bout that bad bitch Storm
Anticipating his touch, my shit stay sealed tight
He can feel my insides all night, every night, fuckin'
right
Show your skills nigga, put that thang on me
Please me or relieve me, and let your body hang on me
Far from phony, this niggas a TRU representer
I'm claimin' what's mine, that's my dick and my nigga
My soulja got me dressed up in them see-thru fatigues
And we goin' to war, yes indeed
This what I need tah feel the way he makes me feel
Damn, only if this nigga was real
I wish he was real

[Chorus]

[Mac (Storm) talking after chorus]

(Ahhhh, haha)

In a song
That's just right there
