This is a journey into sound
this is a journey into sound

A journey which along the way will bring to you a new
colour

New dimension
new value.
When all is ready I throw this switch;
Pump up the volume
pump up the volume
pump that beat.

Please
Sir
would you please mind saying that again?
You make me feel so good!

We interrupt this broadcast
to bring you a special news bulletin
From our on the spot task force:
Oh
my gosh
the music just turns me on

he's a sweet soul brother!

Thinking of a master plan

dance with the record
dance with the record

Thinking of a master plan

dance with the record
dance with the record

Thinking of a master plan

this ain't nothing but sweat inside my hands.
So I dig into my pocket

but all my money's spent

So I can leave while I'm coming up the place.
So I start my mission
leave my residence

Thinkin' how can I get some dead presidents
I need money!
I used to be o stick-up kid

so I think about all the devious things I did.

I used to roll up
roll up
roll up

I used to roll up
roll up
roll up

I used to roll up
this is a hold up.

Ain't nothin' funny
stop smilin'

you still don't nothin' move but the money

But now I've learned to earn
'cause I'm righteous.
I feel great
so maybe I might just search tor a 9 to 5

If I strive
then maybe I'll stay alive.
So I'll walk up the street
whistling this

feelin' out of place

'Cause man
do I miss a pen and a paper
a stereo
a tape
or
Me and Eric B. and a nice bia plate of fish

which is my favourite dish.
But without no money it's still a wish

'Cause I don't like to dream about gettin' paid.

So I dig into the books of the rhymes that I made

Tonight is the test to see if I got pull
hit the studio

'Cause I'm paid in full.

'Cause my girl is definately mad

'Cause it took us too long to do this album.

Yeah

so let's just pump the music up
And count our money
so
we'll just check this out

Turn the bass down and iust let the beat keep on
rockin' -
And we're out outta here.
