Intro:
Do I have to get naked for you people to remember my name?
It's lynn from snot

Pushing the law again
Pushing the law again
Pushing the law again

Justice with a sword
A smiling knight on board

Opening his heart to everyone
And loving without a doubt
Embracing friends and embarrassing foes
And those who are unjust
A man true to his heart
Without fear of misgivings with insecurities
Tattooed across his body
The first to accept, the last to disappoint
He understood all, and expected nothing

Now you are free
Free to roam in the skys
Now and then visit me
With your starlit eyes
Now

Pushing the law again
Pushing the law again

Pushing the law again

Justice with a sword
A smiling knight on board

You took all our hearts with you smile
And left a legacy untold
You conquered life and fear so you see
There was no room for you to grow old

Now you are free
Free to roam in the skys
No and then visit me
With your starlit eyes

Now you are free
Free to roam in the skys
No and then visit me
With your starlit eyes

Pushing the law again
Pushing the law again
