"Suicide"

All the pictures in my head
Make me fall in the dark tunnel
Like a carroussel, carroussel

When someone is laying cold
In the grave while everyone else
They are smiling around me

It drives me crazy
So fucking crazy

Suicide
It must be heaven to me
Suicide
Let me fall into your relief

I'm not good for any at all
Broke the mirror on the wall
Cut myself to feel alright

I smear my own blood in the face
Watch the big disgrace
Covered with my own pain

It drives me crazy
So fucking crazy

Suicide
It must be heaven to me
Suicide
Let me fall into your relief

My wings embrace the sky
Demons are the only thing
Left behind with a grin

Demon takes the angel's breath
To an end in silence
The angel cries tears in blood
As they disappear into the sky

It drives me crazy
So fucking crazy

Suicide
It must be heaven to me
Suicide
Let me fall into your relief
