Have you ever seen the windows cry, as rain passes
by?
Winter's branches making faces as you look to the sky
Constellations form a screaming mouth, tormented
and torn
Evolution stops right here with me, my descendants will
be fish

So is it time to carry the can? Is it part of the plan to be
here?

(Carry the can)

You'll see me with my sun dried nose and my
frostbitten toes, existing

(Carry the can)

Operating

(Carry the can)

Carry the can

Get prepared for the old orders to collapse and demise
There'll be no jumbo jets or radio cassettes left to hear
Information superhighway dug up, cracked and
deformed

All the pylons twisted out of shape, their wires undone

So is it time to carry the can? Is it part of the plan to be
here?

(Carry the can)

You'll see me with my sun dried nose and my
frostbitten toes, existing

(Carry the can)

Operating

(Carry the can)

Carry the can

Who are we? Who are we?

To sustain, complain

So is it time to carry the can? Is it part of the plan to be
here?

(Carry the can)

You'll see me with my sun dried nose and my
frostbitten toes, existing

(Carry the can)
Operating
(Carry the can)
Got to feel
(Carry the can)
Carry the can

Who are we? Who are we?
To sustain, complain

So is it time to carry the can?
Ooh, I dunno
