Inconvenience, what the fuck!?  
Inconvenience, we're breaking up  
Inconvenience, ran out of gas  
Inconvenience, pain in the ass  
(SPACE EMISSION???)  
Inconvenience, burning tyre  
Inconvenience, set me on fire  
Inconvenience, times are tough  
Inconvenience, she's calling my bluff  
With all this inconvenience!

Inconvenience, pirate ships  
Inconvenience, stole my shit  
Inconvenience, Tory scum  
Inconvenience, stall the fun  
Inconvenience, holy wars  
Inconvenience, reaching my door  
Inconvenience, I'm under siege  
Inconvenience, I'm feeling diseased  
With all this inconvenience!
