It's easy when you know how  
To get along without Biff! Bang! Pow!  
And if I see that you're fed up  
I'll stop and give you a leg up  
Over-priced unreal estate, surreal estate  
The highest price they've hit to date  
Creating new divides and tension  
You've got to tolerate  
All those people that you hate  
I'm not in love with you  
But I won't hold that against you

You've got to tolerate  
Some of those people that you hate  
I'm not in love with you  
But I won't hold that against you

This is a tale of two situations  
Mutual appreciation  
Away from narrow preconception  
Avoiding conflict hypertension  
Non-phobic word aerobic  
This was my domain  
'Til someone stole my name

You've got to tolerate  
All those people that you hate  
I'm not in love with you  
But I won't hold that against you

You've got to tolerate  
Some of those people that you hate  
I'm not in love with you  
But I won't hold that against you

Let's get juxtaposed, juxtaposed  
Just suppose I juxtapose with you  
(I wanna get juxtaposed with you) (X4)

You've got to tolerate  
All those people that you hate  
I'm not in love with you

But I won't hold that against you

You've got to tolerate  
Some of those people that you hate  
I'm not in love with you  
But I won't hold that against you

Let's get juxtaposed
