Hot clubs and endless nights  
Hot clubs and endless nights  
Hot lies and alibis  
Dark days seem light years away

I can see through your lies, 'cos you've got moped eyes  
(x2)

Safe house for suffering  
Shitbags and shattering sighs  
Sore eyes, mosquito bites  
Zip up and zigzag away

I can see through your lies, 'cos you've got moped eyes  
(x2)

Hot wheels at traffic lights  
Hot deals, transactional rights  
From middle age sophisticates  
To stone aged reprobates

I can see through your lies, 'cos you've got moped eyes  
(x2)
