We were the upside of down on a Saturday night  
And the girls were bickering and starting to fight  
"Hey you, don't push just wait your turn"  
Said the bouncer to the woman with the carpet burn

Said, "I exist in flexitime  
You'll need a ruler 'cause I'm out of line  
Your energetic young face will change to mush  
And the policeman will keep hush, hush", and say

Night vision, night vision, night vision, night vision

Enigmatic panda team  
And we don't think about reason when we have a  
dream  
And with pine kernel teeth, we can chew on bone  
So count your country overthrown

So we splinter group and do defect  
So the bouncer threw a wobbler at the woman he  
decked  
And we go wham, wham, wham on the nightclub floor  
But security have immunity, don't go

Night vision, night vision, night vision, night vision

Well, my T-shirt read, 'We Love Airplane Noise'  
And as the Eurogirls kissed the Euroboys  
We say, "Bye bye bye, it's time to fly"  
And to the easy groove we make a move and go

Night vision, night vision, night vision, night vision  
Night vision, night vision, night vision, night vision  
(Night vision, night vision)  
Night vision, night vision, night vision, night vision  
(Night vision, night vision, night vision)

Night vision, night vision, night vision, night vision  
Night vision, night vision, night vision, night vision  
Night vision, night vision, night vision, night vision  
Night vision, night vision, night vision, night vision

Night vision, night vision, night vision, night vision  
Night vision, night vision, night vision, night vision  
Night vision, night vision, night vision, night vision
