The parcel arrived  
it was the gift that keeps giving  
i opened her up  
and all the bells started ringing  
gonna take you right back  
right back to the beginning  
of a gift that keeps giving again  
it's the gift that keeps giving again

well before i received this gift that keeps on giving  
i was always perceived as a loser that kept losing  
but look at me now  
i'm a receiver that's receiving  
all these gifts that keep giving again  
it's the gift that keeps giving again

getting the gift that keeps giving again  
it's the gift that keeps giving again

giving a gift that keeps giving again  
it's the gift that keeps giving again  
it's the gift that keeps giving  
receivers keep receiving  
it's the gift that keeps giving again
