Paw print marks leave a telltale sign
There's a furry friend loose and committin' a crime
Takes no precaution, leaving the fold
For the placid casual have remote control

When Valentine Strasser danced his way to the throne
Gunpowder smoke took a heavy toll
As they weren't placid casual so they lost control

Fuzz clogs up my video
What do we do now?
Now we are free again

Fuzz clogs up my video
What do we do now?
Now we are free again

Fuzz clogs up my video
What do we do now?
Now we are free again
