Gonna tell a story and it's gonna be great
Starts with an adventure and I just can't wait
I'll try to spice it up just as much as I can
And it gets better
Let me tell you more
Yeah

Tell me more tell me
Tell me more
Tell me more tell me
Won't you tell me more

You can tell a story just as big as the sky
The Mountain's super big and the birds fly high
And it gets better
Let me tell you more
Yeah

Tell me more tell me
Won't you tell me more
Tell me more hear me say
La la la la la
La la la la la la
La la la la la la la
Just tell me more
