When you're good at somethin'
I know you feel proud
When your good at somethin'
You wanna say it loud
And when a complement comes to you
You feel so good and there's nothin' that you can't do
When your good at somethin'
I know you wanna say
Shown up
The best has shown up
When you're good at somethin'
Hey look at me today
Shown up
The best has shown up
Just remember to smile and say
Thanks that's kind of you
Have a very nice day
Shown up
The best has shown up
Oh ya
Shown up
Oh ya
The best has shown up
Take my advice
Just be nice
Shown Up
The best has shown up
Shown Up
The best has shown up
Shown Up
The best has shown up
Shown Up
The best has shown up
Shown Up
The best has shown up
When your good at somethin'
