Lose my mind as you enter the room, your eyes pierce  
me

Walk my way and my heart starts to flutter

I want... you badly

In the dark when I lose all my senses, you are a king

Chances are you're no good for me, baby

But tonight I'll try anything

I see you near me, breathin', over me

I feel you right here, right now, taking me

I need you on me, wanting, to set my soul free

Right here, right now, using me

Wanna feel your heartbeat on me tonight

Wanna feel you touch me on my body just right

I want your teasin', scheming heart tonight

Nothing else matters...

In the night, under cover of darkness, we aren't that far  
apart

And tonight, feel my body, baby, jump-start my heart

I see you near me, breathin', over me

I feel you right here, right now, taking me

I need you on me, wanting, to set me soul free

Right here, right now, using me

Wanna feel your heartbeat on me tonight

Wanna feel you touch me on my body just right

I want your teasin', scheming heart tonight

Nothing else matters...

I feel your heartbeat on me tonight

I feel you touch me on my body just right

I want your teasin', scheming heart tonight

Nothing else matters...

Heartbeat (heartbeat) on me tonight

Wanna feel you touch me (touch me) on my body just  
right

I want your teasin', scheming heart tonight

Nothing else matters... your heart's mine tonight

Your heart's mine tonight

You're mine tonight
