Tis the evening of the day  
See the daylight turned away  
Then I'm looking up at you  
See that everything that's true  
I'm a thousand miles away  
On another sunny day

As I'm looking at the view  
All I'm thinking of is you  
(if) she's not on that three fifteen  
Then I'm gonna know what sorrow means  
(if) she's not on that three fifteen  
Then I'm gonna know what sorrow means

Is this the parting of the ways  
Summer light and daisy chains  
As I'm looking up at you  
See that everything that's true  
On the mountains, on the plains  
Railway lines and fierce....

As I'm looking at the view  
All I'm thinking of is you  
(if) she's not on that three fifteen  
Then I'm gonna know what sorrow means  
(if) she's not on that three fifteen  
Then I'm gonna know what sorrow means

Tis the evening of the day  
See the daylight turned away  
As I'm looking at the view  
Feel my heart is growing oh-so  
(if) she's not on that three fifteen  
Then I'm gonna know what sorrow means  
(if) she's not on that three fifteen  
Then I'm gonna know what sorrow means

He's so stoned  
Doesn't really know what he's on about  
Maybe he should go and lay down  
He's steamed/stoned/pissed

Doesn't really know what he's on about  
Maybe he should go and lay down

(Run away!)

(She'll be over here in a minute)

(I'm going before she comes over)
