Album: LIFE ON OTHER PLANETS (2002) When you
kissed the sky Well we jumped all night On your
trampoline Made your sister scream You ate our chips
And you drank our Coke Through your telescope Then
you showed me Mars Oh Grace Save your money for
the children Oh Grace Oh Grace Save your money for
the children Save your money for the children Oh
Grace Save your money for the children Oh Grace Save
your money for the children Oh Grace Save your
money, save your money girl And you made us laugh
Well you sang your songs So we captured you In a
photograph And when the stars came out Your Momma
called your name When the morning comes We'll get
together again Oh Grace Oh Grace Save your money
for the children Save your money for the children Save
your money for the children Oh Grace Oh Grace Save
your money for the children Oh Grace Save your money
for the children Oh Grace Save your money, save your
money girl Save your money Save your money for the
Save your money for the children Save your money for
the children (One more time) Oh Grace Save your
money for the children Oh Grace Save your money,
save your money girl
