Album: LIFE ON OTHER PLANETS (2002) Now at last, I've
seen the light Pedalo rides up to the sun, oh yeah It's
like our minds have taken flight Well the world lies
twisted and weird Well, what you do is up to you Take
my hat and push on through Well you can try to
understand I'm a rock'n'roll singer in a rock'n'roll band
Now that our eyes have seen the light Like the railroad
down to the sea, oh yeah It's like our minds have taken
flight Well the road lies open and clear Well, what you
do is up to you I'll take my hat and push on through
Well you can try to understand I'm a rock'n'roll singer
in a rock'n'roll band Take my hat and push on through
Well, what you do is up to you I'm a rock'n'roll singer in
a rock'n'roll band Well you can try to understand
Thankyou very much
