OOOOwwwww

You know the hotness
Baby takes it ahhhh
Lean Back
Lean Back
Give me back chat
I wanna know
You can do it like that
Lean Back
That's the back chat

Do you know the feelings?
Sending me astray
Just Look at what you're doing
Taking over
You're taking over me
The kind of girl you're wooing
Is my kinda _ _ _
So kinda just be wary
I'll make you bolder
Make you own my first name

If you like, If you like
You want you want
Make you dance while
You're turning me oh
Just the once
Maybe twice
Do it again
And I'll marry you baby

Chorus
You got me hooked on the back chat
I didn't know you were like that
My head down by your feet
Right there
Curve like those feet
You got me hooked on the backchat
I didn't know you'd be digging that
Got me talking in tongue

Lost in song
Put me up, put me up

I guess you're allowed to please me
My body wants to play
The kinda games to prove it
Come on over
If you want any day
Never done with choosing
Looking anyway
Do we do we do it
On the sofa
With the clothes all over

If you like, If you like
If you want, if you want
Make you can dance
While you're turning me on
Just the one
Maybe twice
Do it again
And I'm having your baby

Chorus
You got me hooked on the back chat
I didn't know that you were like that
My head down by your feet
Right there
Curves like those feet

Wanna know, wanna know, wanna know
Just so you'll make it right
You make it so, make it so, and make it oh
You fool me every time

How you make me feel this good
Making me lose control
How you made me feel so real
You dare to touch my soul

Chorus
You got me hooked on the back chat
I didn't know that you were like that
My head down by your feet
Right there
Curve like those feet
You got me hooked on the backchat
I didn't know you'd be digging that
Got me talking in tongues
Lost in song
Put me up, put me up

Hooked on the backchat
