Ohhhhhh-oohhhhhh

Your body style
Once in a while
Attitude really makes me smile
Not caring for about what
Anyone thinks
You're laughing at your own jokes yeah

Somehow you find
Peace of mind
In a world and the world is filled with none
So it all _____ re analyse
Quick to judge but you never criticise

I must tell you
You're incredible

Chorus
Don't ever change the way you are
Stay as you are
Nobody is the best by far
Stay as you are

Seasons come and go
But your souls still the same
Don't you ever know?
Please don't ever change
Don't ever change the way you are
Stay as you are

I have realized
Once I'm alone with you
Everything's alright
Been seeing too long
And it all passes on your over tune

Like a pot of gold
A luck charm
Looking at a right for who you are
Come around and mean and now I'm back again

Call it love
Call it what you are

I must tell you
You're amazing

Chorus
Don't ever change the way you are
Stay as you are
Nobody is the best by far
Stay as you are

Seasons come and go
But your souls still the same
Don't you ever know?
Please don't ever change
Don't ever change the way you are
Stay as you are

Don't ever change the way you are
Stay as you are
Nobody is the best by far
Stay as you are

Seasons come and go
But your sweet smile remains
Never change no
Just you stay the same
Don't ever change the way you are
Stay as you are

Ohhh-ohhhh

Seasons come and go
But your sweet smile remains
Never change no
Just you stay the same
Don't ever change the way you are
Stay as you are
