Yeah
Get Em Up now

It was unnecessary
So unnecessary
It was unnecessary
Too ____ Unnecessary
It wasn't necessary
Oh so unnecessary
Not unnecessary
Can you get em up?

The way you wear
Your hair a certain way and
Your funky attitude
Your dress your shoes

You gotten round to them
They just don't know you
Any who
He is up to little _____
Wanna get to know you better

_____ back
Get even Stevens
Let them play the game like
That's the game yeah

Get em up
Get em up
Get em up now
Be strong
Or they'll walk all over you
Get em up
Get em up
Be the best now
Be the boss of you
Get em up
Get em up
Keep it up now
Don't take it lying down

Be no ones fool
Get em up
Get em up
Too good now
Be the boss
Never quit

When people say
All this is meant to
Unnerve you
They wanna break your cool
Of those around

Will slowly come to
Those of you
Who gives a hoot?
Give a oh yeah give a
_____ back
Don't entertain them
Let them feel the madness
That Overcomes yeah

Get em up
Get em up
Get em up now
Be strong
Or they'll walk all over you
Get em up
Get em up
Be the best now
Be the boss of you
Get em up
Get em up
Keep it up now
Don't take it lying down
Be no ones fool
Get em up
Get em up
Too good now
Be the boss
Never quit

I think it's necessarily
To keep you cool
While you're under pressure
Try and keep it together
It's so unnecessary
Blatantly rude
To ever judge a Book
Oh by its cover

Get em up
Get em up
Get em up now
Be strong
Or they'll walk all over you
Get em up
Get em up
Be the best now
Be the boss of you
Get em up
Get em up
Keep it up now
Don't take lying down
Be no ones fool
Get em up
Get em up
Too good now
Be the boss
Don't be nobodys fool

Get em up now
