### "Happy Birthday"

I think my friend said, "I hear footsteps."  
I wore my black and white dress to the  
Birthday massacre, birthday massacre, birthday  
I wore my black and white dress  
I think my friend said, "Stick it in the back of her head."  
I think my friend said, "Two of them are sisters."  
"I'm a murder tramp, birthday boy", I think I said  
"I'm gonna bash them in, bash them in", I think he said  
Then we wished them all a happy birthday  
We kissed them all goodnight. Now he chases me to  
my room,  
Chases me to my room, chases me  
In my black and red dress  
I think my friend said, "Don't forget the video."  
I think my friend said, " Don't forget to smile."  
"You're a murder tramp, murder tramp", I think he said  
"You're a murder boy, birthday boy", I think I said
