Don't fade away!

There's something wrong inside me
And I can feel it climbing
It sucks me in and spits me out and then I'm left here
dying
See through these blood shot eyes, this paper thin
disguise
I pose the question in a letter to my enemy.

Don't drift away, don't fade away
I won't break!
And all I want is truth

Don't drift away, don't fade away
I won't break!
And all I want is truth

After all is gone
I'm losing all my strength to you
I'm losing all my strength to you
I'm

I've no place to hide
I've no place to hide
I've no place to hide

I've no place to hide
There's something in me trying
To get me out of this mess, I feel it multiplying
And through these blood shot eyes, this paper thin
disguise
I pose the question in a letter to my enemy.

Don't drift away, don't fade away
I won't break!
And all I want is truth

Don't drift away, don't fade away
I won't break!
And all I want is truth

After all is gone
I'm losing all my strength to you
I'm losing all my strength to you
I'm

After all is gone
I'm losing all my strength to you
I'm losing all my strength to you
I'm

How could you let this fade, how could it slip away
I waited so damn long for me to feel this way
Give everything I am to make it go away
Fuck this misery and make it go away

How could everything just fade, how could it slip away
I waited so damn long for me to feel this way
Give everything I am to make it go away
Fuck this misery and make it go away

Don't drift away, don't fade away
And all I want is truth

Don't drift away, don't fade away
And all I want is truth

After all is gone
I'm losing all my strength to you
I'm losing all my strength to you
I'm

After all is gone
I'm losing all my strength to you
I'm losing all my strength to you
I'm

You're wicked
You're wicked
You're wicked
You're wicked
You're wicked
Fuck you!

Don't drift away, don't fade away

Don't drift away, don't fade away
And all I want is truth
