

Superheist "Down South"

Backslide take a dive to the right side
And were hellbent down south
Where our summer's spent
Right time for us all to tow our line
Say do say, don't chance is you made us grow

Hit the ground on your feet and then head down south
Keep your eye on the prize let it all hangout

Breakdown don't survive well in this town
And it's on me to prove where I wanna be
Catch, cry the sun has burnt me dry
My place free space
This is my southern town

I can't believe the trap I set for me
I can't believe the trap
Down south is where I want to be
I can't believe that you don't want to come
And follow me
