Burning ends in the situation
Miscommunication leads to complication
Born, torn, how do I feel huh?
My redemption's the best intentions

I'm not degrading, anticipating
And why this guilt you hold?

'Cause I'm not here to be your savior
No favors
Trust me, I'm not here to taste your burning soul

I'm not invading or self-restraining
I hope I run things right

Can you scream like I do?
Can you smell fear? I do
Can you break from my views?
Can you feel my pulse?
