Strap up,strap down;
I really hope my generation doesn't fall down;
I've seen my way in therapy,
I hope I fade,before I age;
It's so contagious don't you say?

(Chorus)
When i come to face tomorrow
I hope I needed it yesterday;
Then i'll breathe in your life,
Wrap it up and break away.

Step back, stepdown, step around my
My face, it bleeds like a ghost
As I walk back through history;
The moment fades,pretty stains,
It's so contagious don't you say?
(Chorus) x2

I'm so depleted;
Noone needs it
Noone needs it

(Chorus) x2

I'm so depleted;
Rain dogged the seasons;
My golden dreams sold,
Noone needs it
Noone needs it
