Unleash the prize for my naked eyes
Fornicate through my self reprise
Nothing stays the same
Take what ya can and rearrange
Livin up the high life uncontrolled
Decadence is on patrol
What seems to get ya in the groove
Shake inhibitions and start to prove
Can't you read the life signs
Run the pipelines
Take the white lines reckless all the time
It's all disguised i hate your lies
Perversions sold in my photo size
Hold back don't be tame
Got fat bank I can't retain
All the things you dream in life
Full effect there is no strife
Can't you see what your makers done
Givin you what's to be won
It's yours to take, it's mine to break
Livin well beyond our means
Is what's to come
Reckless lives jealous eyes save your time it's easy
Alibis out demise save your time it's easy
Reckless lives jealous eyes save your time it's easy
Alibis out demise save your time it's easy
Reckless lives jealous eyes save your time it's easy
Alibis out demise save your time it's easy
