I don't want anything you want.  
If you're weak, don't be strong.  
Put your name on my tongue, when it melts you'll be  
gone.  
I don't want anything you want.  
If you're weak, don't be strong.  
Put your name on my tongue, when it melts you'll be  
gone.  
Put your name on my tongue, when it melts you'll be  
gone.  
If you're done, then be done.  
Don't be strong, don't be strong.  
Put your name on my tongue, when it melts you'll be  
gone.  
Put your name on my tongue, when it melts you'll be  
gone.
