right now you're feeling so alone
the way he talks to you and on the phone
and you always tell me that you
should find another guy
but never find the time

i've said it many times before
the things he puts you through
you can't ignore
why can't you see what i do?
im always there for you
this guys a waste of time
and so i tell you...

if you fall
then i would pick you up
anytime
that is a given but if i
would fall
and you don't pick me up
and then thats fine
i'll still be waiting for you

some days you argue and you fight
he likes to say that you are never right
i know the person he don't
i listen to you he won't
he just thinks your fine

next time you run to me and hide
remember it's my shoulder that you cry on
why can't you see what i do?
im always there for you
this guys a waste of time
and so i tell you..

if you fall
then i will pick you up
anytime
that is a given but if i
would fall

and you don't pick me up
then that's fine
i'll still be waitign for you

how i wish that this moment in time
that you would be mine forever
but i'll keep on pretendign this way
i hope and i pray
please just call today

if you would fall
then i would pick you up
anytime, anything
if i fall
and you dont pick me up
and then thats fine
ill still be waiting for you

if i fall
and you don't pick me up
then thats fine
i'll wait as long as you like
